

# AAAI-04 Workshop Program

## The Nineteenth National Conference on Artificial Intelligence Workshop Call for Participation

July 25–29, 2004 ■ San Jose, California

AAAI is pleased to present the AAAI-04 Workshop Program, to be held Sunday and Monday, July 25-26, 2004 in San Jose, California. The program includes the following sixteen workshops:

- Adaptive Text Extraction and Mining
- Agent Organizations: Theory and Practice
- Anchoring Symbols to Sensor Data
- Challenges in Game AI
- Collective Mind: Architectures for Fleets of Equipment that Learn from their Experience
- Fielding Applications of Artificial Intelligence
- Forming and Maintaining Coalitions in Adaptive Multiagent Systems
- Intelligent Agent Architectures: Combining the Strengths of Software Engineering and Cognitive Systems
- Learning and Planning in Markov Processes - Advances and Challenges.
- Models of Global Gene Expression Data from Microarray Experiments: Implications for Biomedical Computing
- Navigation and Mapping by Autonomous Agents
- Ontologies and Controlled Vocabularies
- Semantic Web Personalization
- Sensor Networks
- Spatial and Temporal Reasoning
- Control of Learning and Adaptive Systems

Participation in the workshop is limited to 25-65 participants, and is by invitation only. Workshops are included in the AAAI-04 technical registration, and all workshop participants must preregister for the AAAI-04 technical conference. Working notes will be distributed onsite for participants only, and may be available after the conference as technical reports.

### Submission Requirements

Submission requirements vary for each workshop, but the key deadlines are uniform for all. Please mail your submissions directly to the chair of the individual workshop according to their directions. Do not mail submissions to AAAI.

### Important Dates

- March 12: Submissions due to organizers
- April 16: Notification of acceptance by organizers
- May 7: Camera-ready copy due to organizers
- May 25: Camera-ready copy due to AAAI
- July 25-26: AAAI-04 Workshop Program

For full descriptions and submission instructions, please see [www.aaai.org/Conferences/National/2004/aaai04.html](http://www.aaai.org/Conferences/National/2004/aaai04.html) or write to [workshops04@aaai.org](mailto:workshops04@aaai.org)
